

To join our CSA for the summer please read the agreement below and fill out the application on the second page and mail it in with your check prior to March 15th.

CSA Agreement

Our part:

1. We endeavor for the season to last until the first of November, but depending on the frost/freeze we will go until the end of the growing season, regardless of the date. Summer crops like tomatoes, squash and sometimes peppers often die out in early October. Our fall/winter things carry us to November.
2. We want this to be a partnership. If you have questions or suggestions during the growing season to enhance the experience, please let us know. Once we start picking, we are partners for the season as the crops are all planted by schedule for a continuous supply.

The customer part:

3. I will pick up my share on the day I signed up for.
4. If I cannot pick up my weekly share, I understand that it is my responsibility to make arrangements to have someone pick up my share and check off my name on the sign-in sheet, otherwise the share will be donated or sold depending on the items.
5. If my email address changes, I will contact info@beckett farms.com. All of our reminders/notifications are by emails, so if we do not have it, we cannot contact you.
